RE: CALIFORNIA ASSOCIATION OF HARBOR MASTERS AND PORT CAPTAINS'  
NOMINATION TO THE NORTH CENTRAL COAST REGIONAL STAKEHOLDER GROUP

The California Association of Harbor Masters and Port Captains (CAHMPC) would like to nominate the following member to the North Central Coast Project Regional Stakeholder Group as a "harbor and coastal-dependent community" representative:

Peter Grenell, San Mateo County Harbor District - primary representative.

As the General Manager of the San Mateo County Harbor District in excess of 10 years, Peter Grenell presides over two separate harbors: Pillar Point on the ocean side of San Mateo County, and Coyote Point on the bay side. As such his constituency is not a single harbor or community, but essentially the whole County of San Mateo. With regard to Pillar Point, Mr. Grenell is acutely aware of fishery issues, as that harbor is predominately dependent upon commercial and recreational fishing and the businesses that support and depend upon them. Prior to working at San Mateo County, Mr. Grenell was the Executive Director of the California Coastal Conservancy for many years. As such he has vast experience with a wide array of issues and projects from public access to conservation. He has an excellent understanding of and relationship to all levels of state and local government, marine-dependent businesses, and conservation communities.

Mr. Grenell is willing and able to commit the time and resources necessary to fill his role in the Stakeholder Group process. He will use all the traditional communication tools at his disposal, as well as a vast network of past and current contacts at all levels of the public and government. His contact information is below.

We would like to name an alternate however due to the short deadline for nominations we have simply not had enough time. Would it be possible to name an alternate at a later date should we identify one?

Thank you for your consideration.

Sincerely,

Diane Isley  
President, CAHMPC  
Harbor Master, Emery Cove Yacht Harbor

Peter Grenell  
General Manager  
San Mateo County Harbor District  
So San Francisco, CA
